#### **SKILLSET**

Frontend Languages & Frameworks: HTML, CSS, JavaScript, Angular, Typescript, Bootstrap, Tailwind CSS

**Tools & Platforms:** Git, GitHub, Jenkins **Methodologies & Practices:** Agile

**Collaboration & Project Management Tools:** VS Code, Eclipse, Source Tree, GitLab **Skills:** Team-Leader, Collaborator, Communicator, Innovator, Planner, Negotiator.

## **WORK EXPERIENCE**

Frontend Developer Jul 2021 –

Present

TCS Indore, MP

- Designed and developed responsive user interfaces for web applications using HTML5, CSS3, Bootstrap, JavaScript, and Angular, ensuring compatibility across multiple devices and browsers.
- Optimized user experience (UX) by testing and debugging web applications across various platforms, resulting in enhanced performance and user satisfaction.
- Engineered a user-centric **healthcare application** by integrating advanced medical toolkits and customizing UI components to meet clinical workflow requirements, resulting in improved navigation and data accessibility.
- Enhanced **website interactivity** and **dynamic content management** using **JavaScript**, improving user engagement and interactivity.
- Implemented **design strategies** that led to a **15% increase in the user base**, leveraging **UI/UX principles** to attract and retain users.
- Utilized **Lighthouse** and **Webpack** for **performance analysis**, successfully **reducing load times** and improving website performance scores.
- Applied best practices for website optimization, including code minification, image optimization, and responsive design techniques to improve loading speed and performance.
- actively participated in **Agile Scrum meetings**, contributing to **timely project delivery** and ensuring alignment with project goals and deadlines.

#### **PROJECTS**

#### CourseWish

https://github.com/Arjun9904/CourseWish.github.io

- Developed an innovative online learning platform, utilizing HTML, CSS, and JavaScript to create a user-friendly interface.
- Designed and implemented responsive layouts, ensuring cross-browser compatibility and optimal user experience.
- Created interactive features, such as quizzes and games, to enhance learner engagement and retention.

# **Personal Portfolio**

- built a responsive personal portfolio website using HTML5, CSS3, JavaScript, and Bootstrap, showcasing projects and professional skills.
- Developed dynamic and interactive features using JavaScript, enhancing user engagement and experience.
- Optimized website performance through code minification, image compression, and lazy loading, ensuring faster load times.
- Ensured **cross-browser compatibility** and **accessibility** by adhering to **WCAG standards** and testing across multiple browsers and devices.

# **CERTIFICATION**

Web Development with HTML, CSS, JavaScript Essentials: Coursera

Introduction to Front-End Development: Coursera
Front-End Development Capstone Project: Coursera

# **EDUCATION**

**Bachelor of Computer Applications** 

Jul 2021

Prestige Institute of Management
